**Pam Simpson Moleski** · 1:08:04 refresh the feed - you're probably watching video not live. LIVE in the upper left of your screen should be a red box if you're watching live

- James Kline · 4:42:10 Exactly correct! We have members in our local club (FVRS) that can no longer participate at the club. This is an excellent way to bring them back into the arena. Like · Reply · 15h

Gordy during the wrap up suggesting that Divisions could stream face2face meetings to reach more members. Need to embrace technology. The 26 hours was recorded in HD onto a hard drive and apparently will be available via the NMRA Facebook page. They also plan to edit the material down to individual presentations.
